

As VISVANA, we aim to ensure the continuity of the ISO 45001:2018 Occupational Health and Safety Management System by acting with the basic principle of health and safety in our activities, to continuously improve its performance with targets and reviews, and thus to prevent work accidents and occupational diseases.

Our Purpose;

- Laws and regulations related to Occupational Health and Safety are complied with.
- Occupational health and safety risks are evaluated and appropriate protective measures are taken.
- Training activities are organized in order to raise awareness of our employees on Occupational Health and Safety.

Necessary measures are taken and implemented to prevent losses in emergency situations.

It is aimed to create a healthy and safe work environment by eliminating the dangers at their source with the participation of all our employees.

Occupational Health and Safety Policy accepts compliance with the legal, international regulations and customer requirements of our Occupational Health and Safety Management System, its continuous development, and the creation of safe working environments by all our employees under the leadership of the senior management. All our employees, suppliers and third-party organizations act in cooperation to achieve the goals in this policy.
